

Laura's Desk — How to Use

Marketing hub · hours · meetings · Text Studio · August expectations

Hi Laura — Welcome to the new Hello Gorgeous marketing desk. Clear tools, open communication, and a real paper trail for your 10 hours/week. Questions? Text Danielle.

How to get in

1. Sign in: <https://www.hellogorgeousmedspa.com/login?staff=1&returnTo=/admin/command-center>
2. Open Command Center! Marketing
3. Open Laura's Desk and enter your access code

Bookmark: <https://www.hellogorgeousmedspa.com/admin/command-center>

Your agreement

- \$25/hr × 10 hrs/week = \$250
- Tracked weekly — hours, meetings, checklist, Monday invoice
- Not word of mouth

Where things live in Marketing

- Campaigns = live send tools (Text Studio, Email, Social, Google, Reviews, B
- Templates = approved copy banks (message templates, SMS presets, GBP presets, social kit). Reuse copy.
- Text Studio = SMS campaigns (Twilio). Also under Campaigns.
- Resources = upload finished creatives (graphics/PDFs/caption packs you completed).
- Laura's Desk = private accountability — hours, meetings, checklist, invoice.

Campaigns and Templates are NOT empty upload folders. Resources is where finished files go. Laura's Desk is where you prove the work.

Laura's Desk — weekly workflow

1) Schedule meetings before they happen

Add Chamber/civic, business meetings, outreach, follow-ups, content work. Include title, org, category, date/time, location/Zoom, goal.

2) After each meeting — mark done

Write a short outcome / next step. Use Cancelled or No-show if it did not happen.

3) Log hours

Log what you did + hours (goal 10 hrs/week).

4) Monday checklist + invoice

Submit weekly plan + invoice. Check off content calendar, posts, meetings logged, follow-ups, etc.

5) Productivity toolkit

Use toolkit links for social, Google posts, Text Studio, email, templates, review the work.

Text Studio (SMS) — quick how-to

1. Marketing! Text Studio (or <https://www.hellogorgeousmedspa.com/admin/sms>)
2. Confirm audience / opt-in rules and consent checkbox
3. Pick a template or write copy (watch segment count / cost)
4. Send
5. Log hours on Laura's Desk (SMS blast — campaign name)
6. Upload graphics under Resources if you made any

What Danielle expects in August

- Every Chamber / business marketing meeting is on Laura's Desk before it happens
- Outcomes written when meetings finish
- Follow-ups completed and checked off
- Hours match real work (content, outreach, meetings, SMS/email/social, reporting)
- Monday plan + invoice on time
- Finished creatives uploaded to Resources (and Drive if asked)
- Clear communication if something slips — don't wait until invoice day

This is how we stay aligned on the 10 hours and see the pipeline: Chamber!' lo
posts/SMS!' results.

Thanks — looking forward to a strong August.

— Danielle
