Put the Pharmacy Selector on your phone

Takes 30 seconds. Works offline once it's saved.
You do **not** need to install any app.

iPhone

- 1 Open the text and **tap the file** we sent.
- 2 Tap the **Share** icon  then **"Open in Safari."**
- 3 In Safari, tap **Share** again → **"Add to Home Screen"** → **Add.**

Android

- 1 Open the text and **tap the file**. If asked, choose **"Open with"** your browser.
- 2 Tap the **:** **menu** in the top corner.
- 3 Tap **"Add to Home screen"** → **Add.**

No Chrome? Any built-in browser works — Samsung Internet, etc.

You'll get a **REGEN icon** on your home screen that opens full-screen like an app. It works with **no internet**. **Don't add memory-guess prices — always quote the Client number from the tool.**
