

CONFIDENTIAL • THURSDAY, AUGUST 20, 2026

Medical Director of Hello Gorgeous. Referral doors at the spas you already direct.

Prepared for Dr. Mukesh Arora, MD • Hello Gorgeous Med Spa, Oswego, IL • RE GEN peptides & medical weight loss

The ask tomorrow: Medical Director at \$1,500 / month, plus a simple way to put peptides in front of your five spas – without turning any of them into a pharmacy.

Hello Gorgeous already runs cash-pay peptides and GLP-1 in production: catalog, intake, NP consult, pharmacy fulfillment, patient portal. **Ryan Kent, FNP-BC** (full Illinois prescriptive authority, on site six days) reviews every chart and writes the order. You are the physician Medical Director of this practice – not the person reading eighty intakes a month.

WHO DOES WHAT

	DANIELLE ALCALA GLAZIER	RYAN KENT, FNP-BC	DR. MUKESH ARORA, MD
Role	Owner. Ops. Software. Partner contracts.	On-site NP. Prescriber for RE GEN.	Medical Director of Hello Gorgeous. Independent contractor. Not an owner.
Peptide / GLP-1 charts	Keeps the queue moving. Does not diagnose or prescribe.	Every chart. Yes / no / change. Writes the order.	Practice oversight. Monthly sample (we suggest 5). Any case Ryan escalates.
Your other spas	Referral agreements, QR cards, payouts.	Still the clinician. Referred clients become Hello Gorgeous / RE GEN patients.	You introduce the owners. You stand behind the intro. You are not MD of their facial room for this program.

WHAT YOU ARE PAID

ITEM	AMOUNT	WHEN
Hello Gorgeous Medical Director	\$1,500 / month	Practice oversight (aesthetics + RE GEN). Not per chart.
Network liaison	+\$500 / month	Starts when the first spa you direct is live as a referral door. Intros, one kickoff per spa, quarterly huddle with Ryan.
Override	\$25	Each time a client from a spa you direct pays their <i>first medication order</i> . The spa still receives the full \$100 (\$125 total from Hello Gorgeous).
Kickoff	\$250 once / spa	When you personally sit in on that spa's front-desk go-live.

Example. Five doors live, 8 first-time paying patients each (40 people) that month: spas receive **\$4,000**. You receive $\$1,500 + \$500 + (40 \times \$25) = \mathbf{\$3,000}$. Ryan still did the charts.

HOW A REFERRED PATIENT WORKS

Front desk at your spa: “Medical peptides and weight loss are through Hello Gorgeous RE GEN. Here’s the QR.” The client is now **our patient** – our consents, our NP, our pharmacy. Medication ships home or they pick up in Oswego. The referring spa is paid **\$100** only when that person’s **first medication order is paid** – not for a scan, not for a no-show consult.

The spa may • Hand out our QR / tent card • Say they partner with Hello Gorgeous for physician-supervised peptides and weight loss • Keep the relationship for facials, lashes, and everything they already do • Earn \$100 on each first paid medication order	The spa may not • Store, sell, or inject peptide / GLP-1 vials • Advertise as if they are the prescribing clinic • Use their own consents for this program • Keep the peptide patient as their medical patient
--	---

WHAT PATIENTS PAY HELLO GORGEOUS (LIVE PUBLISHED MENU)

ITEM	PATIENT PAYS
NP consult	\$49 – credited toward first month of injectable if they start
Semaglutide	From \$195 / month
Tirzepatide	From \$235 / month
Sermorelin	From \$149 / month
BPC-157 injectable	From \$169 / month
Shipping (when it ships home)	\$35 typical

Dose and labs can change the number. No outcome guarantees. “From” is what is published today.

TOMORROW

We are asking • Medical Director agreement at \$1,500 / month • Your introduction to the five spas you already direct • Referral doors: QR, our consents, \$100 to the spa, \$25 to you • Written: Ryan prescribes; you oversee; escalations anytime	We are not asking • Equity in Hello Gorgeous • You reading every peptide chart • Five white-label go-lives or an EHR project • Any spa refrigerating or injecting our medication
---	---

If a location later wants peptides under *their* roof, that is a different contract – their NP, your protocols, our software – after we prove the QR model.

Hello Gorgeous Med Spa
74 W. Washington Street, Oswego, IL 60543
