

The ask: Please award Hello Gorgeous the full **\$40,000 Economic Incentive Award** for professional exterior signage and storefront work on Washington Street – the public face of a practice I have already built with my own money. I am not asking the Village to pay for my doctor, my nurse practitioner, my equipment, my furniture, or my payroll. Those are already paid. Forty thousand dollars is about **8 cents on every dollar** I have already put into InMode technology at this address.

I have been at 74 West Washington since **2017**. This year I turned a downtown storefront into a real medical practice: a physician on staff, a family nurse practitioner on site seven days a week, a clinical sink in the med room, new furniture, new hires, and a half million dollars of medical-grade InMode equipment so Oswego families do not have to drive to Naperville for care we can give them here.

WHAT I ALREADY PAID – THIS IS MY MATCH

IMPROVEMENT (ALREADY DONE)	WHY IT MATTERS DOWNTOWN	WHO PAID
InMode medical platforms – about \$500,000	Hospital-grade devices in a Washington Street storefront. Destination care, not a pop-up.	Danielle
Dr. Mukesh Arora, MD – medical director at \$1,500 / month (\$18,000 / year)	Physician authority and oversight on this block. Recurring payroll I am absorbing.	Danielle
Ryan Kent, FNP-BC – family nurse practitioner on site 7 days a week	Client care downtown, including sports physicals . Families can stay in Oswego.	Danielle
Med-room plumbing – sink, cabinet, water, labor	A clinical wet room so this is a medical office, not a retail suite with a laser in it.	Danielle
Paint and supplies – over \$1,000	Interior finish so the rooms match the medicine.	Danielle
Furniture – about \$5,000	Professional seating and fixtures for clients walking in off Washington Street.	Danielle
Front desk manager – hired	A real front office. Jobs downtown. Someone at the door every day.	Danielle
Laura Witt, marketing manager – Chamber + community events	We are showing up for Oswego, not only advertising from the sidewalk.	Danielle
Capital already in this location (InMode + furniture + paint)		\$506,000+
Physician oversight I am paying every year (Dr. Arora)		\$18,000 / yr
Economic Incentive Award requested for the storefront Washington Street sees		\$40,000

Plumbing, Ryan's compensation, and manager salaries are additional owner costs (not in the \$506,000). I will provide invoices and bids. The \$40,000 is **~8% of InMode + furniture + paint already spent**, and a much smaller share of the full payroll I am carrying.

HOW THIS MEETS THE VILLAGE'S OWN TEST

The Village offers incentives when a project shows **quality of life, highly desired amenities**, and **job creation** that, but for the incentive, might not otherwise be finished. Hello Gorgeous is already delivering the first two. The award finishes the

third piece the downtown TIF was built for: the **quality and character of Washington Street.**

What \$40,000 should fund

Eligible downtown TIF / storefront work – the public face

- Professional exterior signage (design, permit, fabricate, install)
- Storefront doors, windows, and glazing
- Exterior paint and masonry
- Facade lighting so the block looks finished after dark

What I am not asking you to buy

Already on me – shown only as proof of investment

- InMode equipment (~\$500,000)
- Dr. Arora’s \$1,500 / month
- Ryan’s seven-day NP coverage
- Med-room plumbing, interior paint, furniture
- Front desk manager and Laura Witt payroll

JOBS AND AMENITIES ON THIS BLOCK

ROLE	WHAT OSWEGO GETS
Danielle Alcala, owner since 2017	A locally owned medical spa that stayed downtown instead of moving to a strip on 34.
Dr. Mukesh Arora, MD	Physician medical director on Washington Street – \$1,500 / month, paid by the practice.
Ryan Kent, FNP-BC	Family NP in the building 7 days a week, including sports physicals for local families.
Front desk manager	New downtown job. Professional reception for walk-ins and scheduled care.
Laura Witt, marketing manager	Chamber involvement and community events – Hello Gorgeous as a neighbor, not a billboard.

WHAT I NEED FROM YOU ON WEDNESDAY

1. Confirm 74 W. Washington is in the downtown TIF and eligible for the Economic Incentive Award.
2. Enroll us in **Business Concierge** so signage and facade work go through Village process the right way.
3. Point me to the current eligibility list and the single application for the full **\$40,000**.
4. Tell me the bids and photos you want next. I will bring them.

Forty thousand dollars does not create this practice. It lets Washington Street *look like* the medical practice I have already paid for. I would rather invest in this block than give up on it.

Danielle Alcala · Owner, Hello Gorgeous Med Spa · 74 W. Washington St., Oswego, IL 60543 · (630) 636-6193

Meeting brief for Village of Oswego Economic Development. Capital figures are owner-reported and will be supported with invoices. Award decisions rest with the Village. This is not a certified application.
